

METALS AND ENGINEERING CORPORATION Granted Accreditation Certificate
Published on: Wednesday October 12, 2016

Ethiopian National Accrediation Office Accrediation Committee has decided to grant accreditation certificate to METALS AND ENGINEERING CORPORATION (Quality Management Center-Calibration and testing Laboratories Institute) for the facility Electrical and Pressure Calibiration. The office would like to Congratulate METALS AND ENGINEERING CORPORATION (Quality Management Center-Calibration and testing Laboratories Institute) for their fruitfull acheivement. ME TEC had got ENAO's first calibration accreditation and the office hopes other organizations who are operating on this area will come to accreditation!
